Dear Mr Grbovic

PROPOSAL FOR INTERNATIONAL NIKOLA TESLA DAY

We, at Western Power, being an organisation based on the generation, transmission and distribution of electricity are well aware of the significance of Tesla's contribution to the modern world and in particular of his contributions to the science and engineering of electrical energy.

We are therefore delighted to support your initiative to have July 10th proclaimed International Nikola Tesla Day and accordingly, I have completed the form you attached to signify Western Power's support.

We wish you well in this endeavour.

Yours sincerely
