

Professor Ian McArthur
BSc *UWA*, MA PhD *Harvard*
FAIP

HEAD OF SCHOOL

22 December 2016

Florentina Mihai
President
Tesla Forum of WA Inc.

Dear Florentina,

The School of Physics at the University of Western Australia is delighted to offer its full support for the 2017 Nikola Tesla EXPO to be held in Perth from 1 – 16 July 2017, organized by the Tesla Forum of WA Inc.

The Tesla Forum has a long history of engagement with the School of Physics at UWA, and the School greatly appreciates the many previous initiatives of the Tesla Forum in publicising and celebrating the contributions of Nikola Tesla to science and technology, and indeed to our modern standard of living. In particular, the School is grateful to the Tesla Forum for establishing the Tesla Prize and Medal as an annual award for outstanding Physics students.

The School wishes the Tesla Forum every success in its latest endeavour, the Nikola Tesla EXPO

Yours sincerely,

Professor Ian McArthur
Head of School, Physics
